About Us

HAB NETWORK SDN BHD (HNSB) is a trusted leading organization of operational and performance improvement experts focused on business coaching (certification) and talent management.

Our professionals have successfully delivered high impact value on over 100 clients across multiple industries, including construction, oil and gas, power generation, utilities, mining and manufacturing.

We offer coaching workshop programs that are designed to step up progress and accelerate results in both your business and personal life. Our global community of successful entrepreneurs, our highly experienced coaches, and our deep-dive strategy sessions are the cornerstones of our programs' success.

We understand that fixing systems and process breakdowns is not enough to create sustainable performance improvement. Our approach includes behavioural change as a critical element. By coaching and teaching, not just advising – we deliver lasting improvements in performance and profitability.

We constantly push ourselves to be our best and we arrive each day inspired to make an impact through our passion, and hard work. We have opportunities to make a difference for each other, our clients, and our community, and we have to seize it. We inspire through action.

MANAGING DIRECTOR

● ALIA HANIM SAHARUDDIN

HAB Network Sdn Bhd offers through our partners, training products that can help you get started on your business development. So, whether you are a self-starter or a specialist looking for an extra guidance, our selection of training products may be just what you are looking for and help you get started.

Our promise is to help the people and the businesses that we work with to grow and prosper. Our trainers possess a rich business background, a passion for people and complexity, and solid academic credentials. We provide our clients with well-grounded, provocative advice, helping them to advance their people and advance their business.

We incorporate the latest industry standards and frameworks for adopting a process-based approach when delivering our services and training sessions. Over the years, we've developed and implemented best-in-class training and coaching to rapidly convert cost reduction, innovation ideas, process improvement with a direct link to your profit & loss statement.

My ultimate aims to move you to higher levels of performance so that you step continually into a more successful and fulfilling life. It's so exciting to experience your life shift towards more of what you want.

OUR CORE VALUES

H - onesty

We practice truthfulness among ourselves and clients. This being demonstrated by what we say and what we do

A - ccessible

Responsive, timely service from a friendly, approachable team

B - alance

Our team is able to work hard and deliver great results as we stress the importance of a good work/life balance, and take intentional time to have fun together as a team

N - ow

We operate with a sense of urgency and discipline

S - olutions

We have the capabilities to provide total solutions within our expertise to support the needs of our clients

OUR SERVICES

We would love to connect with you to discover what would best equip you and your team with the skills and insights so you can be more innovative and creative in managing businesses. Our specialty is in Business Coaching (Certification) & Talent Management and is available through either virtual instructor led courses or physical learning. Among the courses provided are:

CIDB CERTIFICATION

The course will be focusing on usage of CIMS System, that will allow participants to apply PPK, SPKK and STB certificates. Other than that, we will cover other additional requirement for certification such as work-code categories, update company information and renewal process.

MOF CERTIFICATION

Participants will be guided on e-Perolehan system under Ministry of Finance. Scopes covered in these courses are new registration & renewal of certification, adding field code, update company information and register company under Bumiputera status.

TNB CERTIFICATION

This course may help company to be registered as a vendor under Tenaga Nasional Berhad after completed registration under CIDB and MOF. Participants may join tender bid via the system and project management processes such as payment, quotation submission and report of project.

BUSINESS COACHING

CIDB CERTIFICATION
MOF CERTIFICATION
TNB CERTIFICATION

Others:

TM CERTIFICATION
ISO CERTIFICATION

OUR SERVICES

TALENT MANAGEMENT

- FACILITIES MANAGEMENT
- REAL ESTATE DEVELOPERS
- E-PEROLEHAN & CRM
- MICROSOFT PROJECT

FACILITIES MANAGEMENT

The course will cover on how to plan facility management, how to change and improve methods, how to understand wasteful activities/costs that can be eliminated, ways to gain added value for money with improved customer service.

RESIDENTIAL REAL ESTATE DEVELOPERS

The course will introduce about property development by the phases process which are concept and initial consideration, site appraisal and feasibility study, detailed design and evaluation, contract and construction and marketing, management and disposal.

E-PEROLEHAN & CRM

Learn techniques and skills to expand the company's market in government and private agency sectors for supply & service works, through online procurement applications via eProcurement and CRM management

DELIVERY METHOD

We will help you determine your business priorities and design a coaching that best fits your needs. We apply recognized performance improvement methodology to design and deliver programs that help you close the gap between where you are and where you want to be.

IN-CLASS LEARNING

HNSB has been known for our in-person training and the impact it has on participants and their organizations. Our skilled team of facilitators deliver inspiring training that has had a positive impact on the knowledge and skills of many executives, managers, professionals, and the organizations they work for.

VIRTUAL LEARNING

Our virtual programs combine the best of self-directed learning and live facilitator-led sessions. They were created with the same principles that have made HNSB the choice for many leading organizations - learning that is practical, engaging, and inspiring.

BLENDED LEARNING

Taking the best from virtual learning and in-class training, we can create a solution where pre, during, and post-training interactions and activities take place online and are combined with the benefits of face-to-face in-person instructional time
